

Re: Issue of LPFM priority over current FM translator service.

I have been a listening beneficiary of FM translator broadcasts for most of my life. Currently I am a K-LOVE listener and supporter. K-LOVE is able to provide quality Christian radio programming to our rural community which could not happen outside of translator service.

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, we would be unable to experience the positive benefits of K-LOVE's commercial-free Christian music, news and faith-based encouragement.

As a business in the home repair/construction industry, I know firsthand the positive impact that K-LOVE has on the work site. As a parent, I also know the benefit K-LOVE has on my teenage boys. They are not subject to internalizing music that promotes promiscuity or anarchy, but rather exposed to themes of dignity, decency and identity which come from a foundation of faith on K-LOVE.

Whatever decisions you need to make in regard to LPFM stations in their access to translator markets, please find a way to keep high caliber stations like K-LOVE on the air without any disruptions.

Sincerely,
